

# METL Approval Process

**FORSCO**  
**M**

# Regulation Requirements

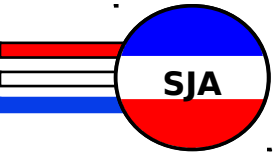

- METLs will be approved in accordance with para. 3-6 of FORSCOM Regulation 350-4 (FORSCOM Reg 27-1 para 3-3).
- The peacetime chains of command approve METL for FSP units that are not GO commands (FORSCOM Reg 350-4, para 3-6d).
- The CONUSA/TSB assist in METL development and participate in the approval process for FSP units that are not GO commands (FORSCOM Reg 350-4, para 3-6d).
- Upon request, AA SJAs will assist the LSO/MSO in preparing its METL (FORSCOM Reg 27-1, para 2-9).

# METL Approval in Practice

- LSO/MSO should ask AA WARTRACE SJA to coordinate on METL.
- RSC SJA provides advice to RSC Commander on whether LSO/MSO METL should be approved.
- RSC SJA should not recommend approval of METL unless there is indication that AA WARTRACE SJA concurs with METL.
- ATB (YTB) process will then ensure that approved METL is translated into training plan.
